## The Horrendous Impact of **DDoS Attacks** on Enterprise Organizations

Sources: 2021/22 DDoS Threat Intelligence Report; Corero Annual Worldwide Infrastructure Security Report; Imperva Global DDoS Threat Landscape Report; Gartner, IT downtime factors

**91%** of organizations  
have experienced  
downtime from DDoS

**71%** indicated they  
experienced a ransom  
or extortion DDoS threat

**78%** of security leaders  
in enterprise  
organizations claim  
the most damaging  
effect of a DDoS attack  
is the loss of customer  
trust and confidence

**They claim** that DDoS  
is a precursor or  
smokescreen for data  
breach activity

# Effective DDoS Mitigation = Business Continuity

**Guaranteed uptime**  
**Optimal Performance**  
**Save money**
